

Set Dressing details that will help show Francesca's character throughout the bakery:

- A mess swept to the side of the room with either a caution sign or the broom left by the pile to indicate she has to come back later and clean that up. She's too busy to clean it up now. Multiple partially used rags around the kitchen; she's grabbing new ones rather than using just one.
- Rack of baked goods labeled "Day Old". Fran gives these out to those in the neighborhood who might need some help.
- Everywhere is covered in flour. Fran is very passionate about baking and makes a mess.
- Francesca fixes her equipment rather than getting it replaced; you can find her toolbox out and open cause she knows she'll have to fix something at least once a day.
- Radio is placed at the center of the big countertop so she can listen to music as she is working.
- Floor is scuffed around the countertop from wear and tear and Fran's dancing over the years.
- Notes are written all around the bakery to remind Fran to do certain things: check on what's in the oven, reminding her to eat, notes on opening/closing, etc.
- You can find a handwritten sign in the front of house that says "Be kind or eat somewhere else."
- Photos and mementos decorate the entire bakery with fond memories of family and friends.
- The clock is placed where Fran can't avoid seeing it, so she doesn't lose track of time.
- There's a section in the office dedicated to Fran's mother (Nonna's daughter) with a pristine-kept photo of Fran's mother and Nonna before Fran was born.
